

Connecting to Vermontlaw Wireless with Mac OSX

1. Click on the Airport icon and select the VermontLaw network
2. Enter your VLS network username and password, then click 'Join'
3. Click on the Airport icon again and select 'Open Network Preferences' at the bottom
4. From the drop-down box for 'Location' at the top of the window, select 'Edit Locations'
5. Click on the '+' at the lower left and add a location called 'Vermontlaw,' then click 'Done'
6. In the Network window, click the 'Advanced' button near the bottom right
7. Click on the plus sign at the lower left to add a user profile called 'Vermontlaw.'
8. Add your username and password, and select 'VermontLaw' from the Wireless Network dropdown menu, then click 'OK'
9. In the Network window, make sure that the location is Vermontlaw and then click 'Connect'
