

- Our class will meet on Teams. Please make sure you know how to use Teams before our first class. The course also has a TWEN site to facilitate communication.
- Your first and second reading assignments are below. I will share the syllabus before our first class.
 1. Reading for Class 1:
 1. Clean Air Act Handbook (CAAH), c. 1
 2. 42 U.S.C. §§ 7401, (a-c) CAA Congressional findings and declaration of purpose (in the Environmental Law Statutes book or on Westlaw etc)
 3. Teams, course doc folder: NRC AQM in the U.S. - Air Pollution Science
 2. Reading for Class 2:
 1. Kegan A. Brown and Andrew M. Hogan, Environmental Litigation Law and Strategy, 2d ed. (2019), c. 1: <https://www.americanbar.org/content/dam/aba-cms-dotorg/products/inv/book/376275765/Chapter%201.pdf>
- Before class starts on Monday, please go to our class Teams page (Air Pollution – Fall 2020) and find the “Introductions” shared document in the Class Notebook (top tab) Collaboration Space. There, please do a written introduction so we can all get to know each other better. Please follow the model I used in my introduction. You can add text right in the shared document.

Thanks, and see you soon!

-Dean Rushlow
