Re: Casebook info and Assignment for Monday, August 30th
Date: Monday, August 23

Hello, students!

Please see the below for the first-day assignment. You can expect to be called on, and you should be prepared to answer questions related to the assigned reading as well as the assigned problem. You can purchase the casebook for this class at Barrister's bookstore; it is: Linda D. Jellum, *The Legislative Process, Statutory Interpretation, and Administrative Agencies, Second Edition* (Carolina Academic Press 2021). Please do not purchase a used copy from previous years, as we are using the new edition that includes many revisions.

Please also keep your eye out for an email inviting you to our Canvas site, where you will find the course syllabus and other materials.

Looking forward to seeing you Monday!
