AWARDS AND DEGREES

The Learned Hand Award for Academic Excellence, endowed by a gift from the late Judge Sterry R. Waterman, is the symbol of Vermont Law School's goal of contribution to the larger community through the pursuit of academic excellence. Each year it is awarded to the graduate with the highest cumulative average (as of the end of the fifth semester) as the representative of those who have striven for academic excellence, following Learned Hand's example.

The Maximilian W. Kempner Award was established in 1996 to honor the fifth dean of the law school. As a practicing lawyer, member of numerous groups and organizations seeking to improve our administration of justice, and dean of Vermont Law School, Max Kempner brought dignity and civility to the profession. By personal example, he sought to hold the profession and its members to the highest standards of competence, integrity, respect, fair-mindedness, and public service. The award is given each year to the graduate who best exemplifies these attributes.

The Lex Pro Urbe et Orbe Award was created in 1979 by the Vermont Law School Alumni Association (VLSAA) in recognition of the many contributions that students make within the campus community. This award is given annually to a graduate who is selected by the VLSAA Board of Directors, in conjunction with the school's president and dean, in honor of the individual's thoughtful interest and dedication to enriching the VLS community.

The Jeff and Genie Shields Prize was created in 2012 by generous donors in recognition of Jeff and Genie Shields' many contributions to Vermont Law School. The prize is awarded annually to a member, or members, of the VLS family (students, staff, faculty,

trustees, friends, parents, or alumni) in recognition of their creativity and ingenuity in encouraging philanthropic support to Vermont Law School. Each year, the selected recipients have the opportunity to allocate a financial stipend from this endowed fund to a VLS priority program.

JURIS DOCTOR

The Juris Doctor (JD) degree is the first professional degree in law and is an appropriate credential for admission to the practice of law in all United States jurisdictions. In addition to the skills, values, and substantive knowledge necessary for responsible and successful practice, the curriculum at Vermont Law School seeks to provide students with a thorough understanding of the nature and function of law in society and equip them to serve their communities in positions of leadership and responsibility. Thus, students are encouraged to become sensitive to the relationships between law and other disciplines and to emphasize questions of process, policy, and principle in all of their work, pursuing—in the words of Roscoe Pound—"the learned art in the spirit of a public service."

MASTER OF ENVIRONMENTAL LAW AND POLICY

The Master of Environmental Law and Policy (MELP) is a program in environmental law, policy, science, and ethics. MELP students learn the underlying values of environmental law and the ways that multiple disciplines come together to form environmental policy.

MASTER OF ENERGY REGULATION AND LAW

The Master of Energy Regulation and Law (MERL) is a program focused on law and policy governing energy use, production, and transmission. The MERL program responds to the rapid growth of the alternative energy sector as well as the environmental problems associated with traditional energy production.

MASTER OF FOOD AND AGRICULTURE LAW AND POLICY

The Master of Food and Agriculture Law and Policy (MFALP) is a program in food and agriculture law. MFALP students learn to create the legal tools needed to innovate and support sustainable food and agriculture systems, preparing graduates for careers in food and agriculture policy and advocacy.

MASTER OF ARTS IN RESTORATIVE JUSTICE

The Master of Arts in Restorative Justice (MARJ) program was created for students who want to address deficiencies in our justice system and become the next generation of justice leaders. The curriculum combines traditional law courses with restorative justice courses, simulations, and experiential learning opportunities to prepare graduates for careers in restorative justice. The program is poised to train students who want to develop new approaches to criminal justice.

MASTER OF ARTS IN ENVIRONMENTAL LAW

The Master of Laws (LLM) in Environmental Law, a professional degree awarded to post-JD candidates, offers a deep concentration in environmental law. This degree prepares the lawyer for specialized environmental law practice in public service or private firms and for law school teaching.

MASTER OF LAWS IN ENERGY LAW

The Master of Laws (LLM) in Energy Law degree program is for post-JD students who wish to pursue intensive study in energy law. The program prepares students to practice energy law in the public or private spheres or pursue careers in teaching, research, or public policy.

MASTER OF LAWS IN FOOD AND AGRICULTURE LAW

The Master of Laws (LLM) in Food and Agriculture Law is a professional degree awarded to post-JD students who wish to pursue intensive study in food and agriculture law. This program prepares students to specialize in law and policy relating to sustainable food and agriculture systems.

MASTER OF LAWS IN AMERICAN LEGAL STUDIES

The Master of Laws (LLM) in American Legal Studies is an advanced professional degree. Available only to international students, this LLM prepares the returning lawyer or recent law graduate with the skills and knowledge required for transnational practice or other legal work.

LEX PRO URBE ET ORBE, the Vermont Law School motto, translates as law for the community and the world.

SIGNIFICANCE OF THE SCHOOL SHIELD, MEDALLION, AND MACE

The circlet from which the swan arises represents the attorney-encompassing Code of Professional Responsibility, with the pearls representing the nine canons of the code. The swan represents the dignity and strength fostered by the code and the faithfulness owed to it.

The medallion bearing the school shield, which is worn by the president and dean, was the gift of the Charter Class at the school's first commencement. The president and dean wears the medallion on ceremonial occasions as the visible symbol of their high office and authority and in loving memory of the Charter Class.

The mace is the symbol of authority of the Vermont Law School Board of Trustees. Its figurehead is the charge on the school shield cast in bronze in three dimensions. The mace was presented to the trustees by Dean Thomas M. Debevoise on June 4, 1976, at the dinner for trustees, faculty, and delegates the night before the first commencement. The mace is carried in academic processions by a marshal in front of the trustees and rests on the podium during formal ceremonies.
